Welcome to the 2023 Manchee Agriculture Bull Sale.

Firstly I would like to pay tribute to my father Lionel who passed away earlier this year, aged 89 years. A wonderful cattleman with a very sharp eye for a stud sire and the mainstay of the Yamburgan breeding program for many decades.

This year's bull sale will see 60 bulls catalogued for sale on property on the 30th August 2023.

The 2023 draft of bulls have had a sound preparation going onto Lab Lab through the summer and then forage oats on the 22nd May.

We have some exciting new high performing sire lines this year for your competition, including Sprys Thermal Energy Q71, Crathes Layton L42 and the first bulls by Yamburgan Monkira M14, a very consistent carcass sire.

The bulls were scanned in early June for the IGS data run with some excellent results for Eye muscle to weight ratio and a noticeable lift in IMF Marbling after the drought years.

A big congratulations goes out to two long time Yamburgan clients who have won the Champion and Reserve Champion Carcasses in this years "Southern Grass-fed Carcass Classic".

The winners for the second time in 3 years were Lin, Maureen, Sam and Jade Inglis, "Inglewood Properties", Crystal Brook, SA with a milk tooth, high MSA Indexing shorthorn steer.

The Reserve Champion was awarded to Evan and Glenys Flint "South Bundara", Kingston, SA with the progeny of the very high yielding, Yamburgan True North N424.

This is a fantastic result for both the exhibitors beef programs and the Shorthorn breed as a whole. It's a very fine line between muscle and fat on a carcass and both exhibitors had near perfect points for this, combine that with the age of the steers and it really shows the versatility of the Shorthorn breed.

Thankyou for your interest in the Manchee Agriculture program, we look forward to seeing you on the 30th August 2023.

Kind Regards,

John Manchee
Manchee Agriculture

Shorthorns win double

WINNING grand champion carcass in Australia's

largest grassfed beef carcass competition is no easy feat, but Mid North Shorthorn breeders Lin, Maureen, Sam, Jade, Adele and Eliza Inglis have proven they have the winning formula with their second title in three years.

One of Inglewood Props steers took out the cup from more than 1000 steers and heifers in the 15th annual Southern Grassfed Carcass Classic.

Held at Teys' Naracoorte abattoir the cattle were processed between early October 2022 and the end of February this year.

Sam Inglis said he was shocked to hear they had repeated their 2021 success. Although their B-double load of 60 steers, delivered in late October last year, had graded well there had not been any "real standouts".

The cattle, which were about two years of age, averaged 321 kilograms dressed weight but the champion carcass was 287.8kg.

It had an impressive eye muscle of 87 square centimetres and a 7mm fat depth, a MSA marble score of 430 and ossification score of 140.

The carcass scored 86.06 points from a possible 100 points for market specifications, saleable meat yield and eating quality.

"I didn't think we would get close to it, the score is 9.5 points lower than when we won last time (in 2021) so it looks like the scores were down across the board, maybe because of the season," he said.

"It is pleasing to do it again, it shows our cattle are of reasonably high quality most of the time."

Making the win - which was announced at the

Lin and Maureen Inglis, Inglewood Props, Crystal Brook, repeated their 2021 success again winning the grand champion carcass in the 2022-2023 Southern Grassfed Carcass Classic. Picture by Catherine Miller

Evan and Glenys Flint, Kingston SE, exhibited the reserve champion carcass. It scored 85.05 points.

annual presentation dinner last Friday night at Penola in front of about 100 people - even more special was that it coincides with the family's 150th year at their Ingleside property at Merriton

The Inglis family has been breeding Shorthorn cattle for generations and have stuck with them for their weight for age, carcass quality and maternal traits.

"You get paid on weight and they always weigh well, they are good doers espe-

cially in the dry years and they are good mothers," Mr Inglis said.

Over the years they have bought bulls from numerous studs including Broughton Park at Spalding, Yamburgan and Futurity in NSW, as well as supporting the Naracoorte Shorthorn bull sale.

Their breeding herd is run at Wirraminna Station, via Woomera, with the calves weaned at six months of age and then trucked to Ingleside to be grown out on

grazing fodder crops.

At about two years of age the steers are sold on hooks to Teys.

It was Inglewood Props' sixth year as an entrant, with Mr Inglis keen to support the Royal Flying Doctor Service - which receives 1 per cent of the proceeds of all the competition cattle - and also compare their cattle to other grassfed producers across SA.

"A good donation is given every year to the RFDS and you also get to see where your cattle are at," he said.

"Quite a few years ago we needed to use it (the RFDS) with one of our contractors on the station - they ended up saving his life."

Mr Inglis recognises the season is a major contributor to how their cattle grade and with the early break and cattle already grazing their barley and vetch crops they are hopeful of "being up there again" in this coming year's competition.

"We can't do much about cattle prices but we can breed high quality cattle and aim to always be at the top of the grid," he said.

Reserve grand champion and just one point behind was another Shorthorn steer.

This one was entered by Evan and Glenys Flint, Kingston SE.

The 373.6kg steer had one of the highest eye muscle areas in the competition at 109 sqcm and with 7mm of rib fat it scored full marks for saleable meat yield.

The purple ribbon winner was among 33 steers entered by the Flints.

They were bred out of South Bundara stud registered cows, with the cattle predominantly Yamburgan-blood.

Mr Flint said he entered the SGCC for the first time last year after being convinced by his former stock agent Mike Newton to grow out some of his calves. In the past, the steers were

MAJOR WINNERS

- Grand champion carcass: Inglewood Props, Crystal Brook (86.06pts)
- Reserve: ER&GF Flint, Kingston SE (85.05pts)
- Eating Quality Award: Crower Partners, Lucindale
- Most Improved: RN&YM Hagger, Bordertown

all sold at 11 months of age.

"We kept some and took them on and then Mike said right now you need to put them in the Southern Grassfed Carcass Competition - we got a second in the pen of 10 and third in the pen of three," he said.

Mr Flint says it is a thrill for their cattle to perform well again.

"We have tried to buy the best we could, any sires we have bought have always been at least breed average for Breedplan," he said.

"You would like to think that if you have been weighing your cattle and following Breedplan like we have that after 30 years it pays off."

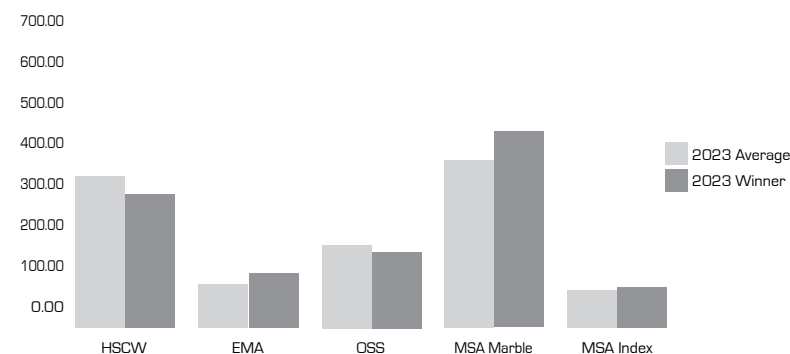

"In our country Shorthorns have always done well, they have the size to take them through to a range of markets."

SGCC acting chairman Lachy Day said the competition had been an enduring success because it was a great chance for producers to follow the progress of their herd, but also benchmark themselves against other commercial grassfed beef producers.

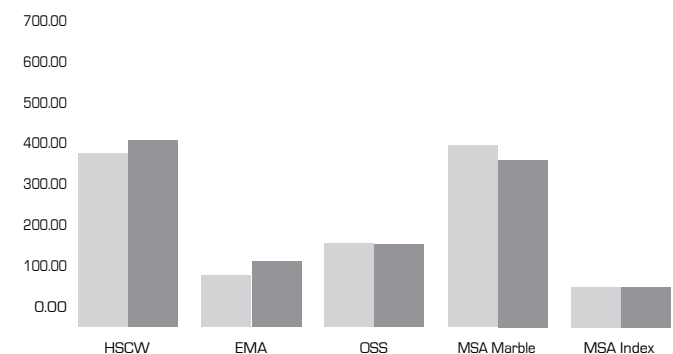

"There are a lot of challenges for beef and one of them is other proteins and while we can consistently put up high quality grassfed beef from this region the beef industry is in good hands," he said.

- CATHERINE MILLER

Champion Carcass

Reserve Champion Carcass

Lots showing the YY logo are selected as potential sires or donors for Manchee Agriculture to use in the future. Manchee Agriculture retains the right to collect up to 300 straws, for in herd use at no cost to the purchaser. Manchee Agriculture will collect semen at an agreed time with the purchaser.

SUPPLEMENTARY SHEET

All bulls will have up to date weights, EMA, fat depth, scrotal size measurements and have been semen tested. A supplementary sheet with this information will be available from the 21st August, 2023. EPD figures are printed in the catalogue.

INSPECTION

We encourage prospective buyers to inspect cattle prior to sale. This gives us an opportunity to assist you in your selection of the best genetics for your requirements. Inspection on sale day will be from 9am.

ACCOMMODATION

Accommodation can be hard to get in Narrabri, we recommend you book early.

Nandewar Motor Inn - (02) 6792 1155 or 1800 027 941.

Southern Cross Motor Inn - (02) 6792 3838.

Club Motor Inn - (02) 6792 3191

Mid Town Inn - (02) 6792 2233

Adelong Motel - (02) 6792 1488

TRANSPORT

Bulls sold in to Queensland, South Australia, Victoria, Tasmania and Northern Territory are eligible for a transport rebate from Manchee Agriculture to the NSW border only.

HEALTH

All bulls have been vaccinated with 7 in 1 and Pestiguard and drenched with Dectomax on 12th July 2023. Booster shots are due in June each year. Semen testing will be carried out by Geoff Steinbeck, Excel Genetics, Dungowan. (02) 6769 4251. The bulls are guaranteed fertile on the day of the sale.

BREEDING GUARANTEE

All bulls are guaranteed to be breeders with the exception of:

- (a) In the event of injury or disease that occurs to the animal after the sale;
- (b) Gross negligence or wilful misconduct on the part of the purchaser.

BUYERS INSTRUCTION

1. No verbal instructions will be accepted.
2. Please use the instruction slip provided by the settling agents and hand it to the booking clerk before leaving.
3. Instructions for dispatch for consignments comprising of more than one owner must be signed by each buyer, no instructions will be considered complete until all have been signed.
4. All bulls will be sold GST exclusive.

BUYER REGISTRATION

We request that all prospective buyers register and receive a buyer number before the sale.

OUTSIDE AGENT REBATE

An outside agent rebate of 3% will be offered to agents who attend the sale and introduce their clients in writing to Hamilton Mortimer Agency, 02 6792 3163, at least 24 hours prior to the sale. Agents introducing their clients in writing at least 24 hours prior to the sale and not attending the sale will be paid a 1% rebate. The rebate WILL NOT be paid outside these conditions.

AIRCRAFT

There is an airstrip at Narrabri. Vendor's agents will be happy to arrange transport to the sale. Please make contact well before the sale date.

DISCLAIMER

The vendors, selling agents, its members, related corporations and employees, will act with due care to provide correct information but will not be responsible for any errors or omissions in this catalogue. All persons who attend the sale do so entirely at their own risk and the vendor, Manchee Agriculture and the selling agents do not assume or accept any responsibility or liability, of whatever nature, legal or otherwise, for any accident, injury or damage which may occur.

YAMBURGAN ZEUS M499 (P)

24 August 2016

Yamburgan Zeus M499 is proving to be a very consistent sire, breeding true to type just like his sire. A low birth weight bull with excellent growth and carcass traits. We are very excited about the influence he is having on the herd. His progeny carry an extra degree of yield and muscle development. Zeus M499 is represented by 8 sons.

Pictured is Yamburgan Zeus H140.

YAMBURGAN BEDOURIE P94 (P)

16 March 2018

Yamburgan Bedourie P94 was a standout individual of the entire P drop contemporary group. An outstanding phenotype, backed by two of our strongest performing female lines. Bedourie P94 has the rare combination of perfect shoulder placement, head carriage and tremendous width and muscle expression. The dam of Bedourie is a special female, the one that takes everyone's eye when inspecting our cowherd. Her constitution never wavered during the drought and she has a lot of performance! She is so typical of the Ossie females; the next great sire from Yamburgan will carry this lineage.

P94 is represented by 5 sons.

YAMBURGAN THUNDER M495 (P)

25 August 2016

Yamburgan Thunder M495 has bred very soft, easy doing, low birth progeny with a lot of functionality and correctness. We have found the BP Thunder females to breed with great consistency; their strike rate of sale bulls is very high. The dam of Thunder M495 was one of our best maternal matron's ever retained at Yamburgan, with 40 calves registered with the society. A super breeding female who's legacy will live on for many generations to come. M495 is represented by 3 sons.

Maternal brother E102 pictured.

DIRECTIONS TO MANCHEE AGRICULTURE

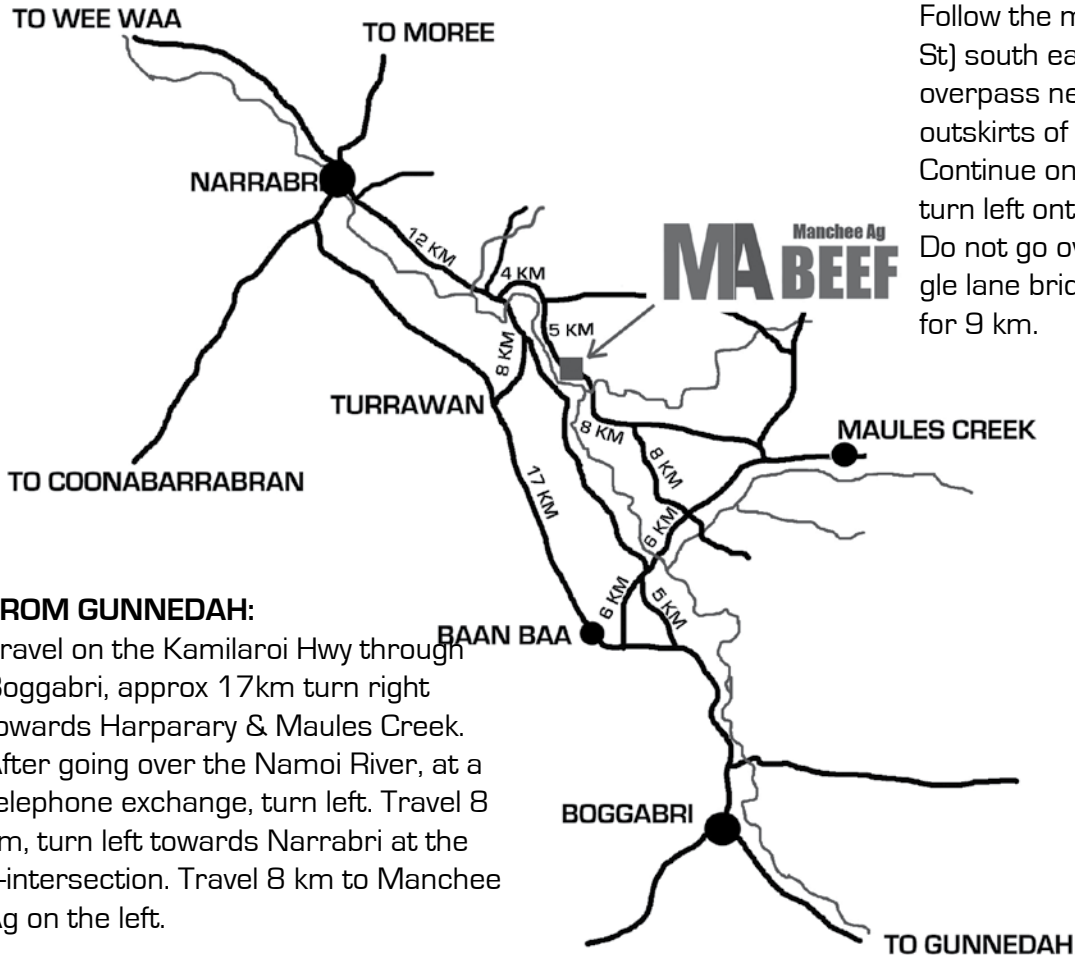

YOU CAN ALSO FIND US ON **GOOGLE MAPS** BY SEARCHING FOR MANCHEE AGRICULTURE.

Look for blue & white MANCHEE AG road signs.

FROM NARRABRI:

Follow the main street (Maitland St) south east, under the railway overpass near the RSL club on the outskirts of town.

Continue on this road for 12 km, turn left onto the Maules Creek Rd. Do not go over the Namoi River (single lane bridge). Travel on this road for 9 km.

FROM GUNNEDAH:

Travel on the Kamilaroi Hwy through Boggabri, approx 17km turn right towards Harparary & Maules Creek. After going over the Namoi River, at a telephone exchange, turn left. Travel 8 km, turn left towards Narrabri at the T-intersection. Travel 8 km to Manchee Ag on the left.

ACCOMMODATION CAN BE DIFFICULT TO GET IN NARRABRI - PLEASE BOOK EARLY.
MOTEL DETAILS ARE AVAILABLE ON THE SALE INFORMATION PAGE.
